

A Culinary & Cultural Event Experience

CONGDU50

FKI TOWER SEOUL

About

Founded in 2002, Congdu has defined a singular vision of Korean gastronomy—where heritage is reinterpreted with quiet innovation.

More than a restaurant, Congdu has served as a diplomatic table, hosting state dinners for world leaders and representing Korea at the highest level of international engagement.

CONGDU 50, newly opened in Yeouido, is the culmination of this philosophy—a destination where gastronomy transcends dining to become an immersive cultural experience.

Here, cuisine, space, and time are orchestrated into a seamless expression of Korean refinement.

At the heart of this destination lies House of Congdu, the brand's most distinguished event platform.

Designed for those who shape moments of significance, House of Congdu curates experiences where gastronomy becomes narrative, and every gathering is elevated into a cultural statement.

From private ceremonies and discreet celebrations to high-level international engagements and cultural collaborations, House of Congdu offers an unparalleled setting—defined by discretion, artistry, and the essence of Korean hospitality.
